MAPLE LEAF Designs LTD

The One-Stop Playground Development Specialists

NEW 19th EDITION

Welcome to Maple Leaf Designs!

Located in the heart of Cheshire, we have been designing, manufacturing and installing playground equipment for over 30 years. Our playground equipment can be found in schools, pre-schools, nurseries, children's centres, council playgrounds and the homes of public and private individuals across the nation.
We are committed to offering customers a fully tailored package, bringing your ideas to life. We continuously develop our extensive range of timber, metal and plastics to offer our customers only the very best equipment.

Why Choose Maple Leaf Designs?

With decades of experience, our sales team will visit you, taking your requirements into consideration and offering expert advice along the way. Our expert in-house designers will provide you with 2D and 3D visuals, including quotations to suit your budget. We manufacture our own product range using high quality materials. All of our products are assembled in our workshops in Cheshire, using computer aided manufacturing processes and a variety of materials, including timber, metal and plastics.
From start to finish, your project will be managed and installed by Maple Leaf Designs. We guarantee a reliable, punctual service by using our own experienced staff, installing your equipment to our high standard.

Free Site Visit

We will visit you at your convenience for a free site assessment with one of our Consultants. The site visit allows us to get to know you and familiarise ourselves with the proposed installation area. We can talk to the staff, children, school council and midday assistants to get a clear idea of your expectations. Detailed measurements and notes will be taken to help us to create an accurate CAD drawing of the space.

Bespoke Service

At Maple Leaf Designs, we can turn your vision into reality. If you would like to customise one of our products shown in this brochure, please let us know! We can alter colours, the size and features of various products and depending on the item, the configuration can be adapted. Or, if you have a brand new idea, let us know and we can see how this can be brought to life!

Call us today to start your development!

SCAN ME

During the early stages of your playground redevelopment, you will receive detailed 2D and often 3D presentations that will bring your vision to life. These visuals will provide you with a clear idea of the design and layout, helping you to visualise the final outcome. Your feedback is invaluable, and these presentations will serve as a collaborative tool to ensure the playground meets your expectations and needs.

Shelters & Outdoor Classrooms

Shelters & Outdoor Classrooms are a fantastic, versatile addition to any playground. They create shade from the sun, quiet safe areas for children to relax under, protection from the wind and rain, a place for theatre performances and adaptable teaching spaces.

All of our Polycarbonate roofs protect against UV rays.

There are numerous sizes to choose from, to accommodate small groups of children to multiple classes at a time.

Bespoke sizes available to suit your space

Lean-to Pergola

Pergolas are a great way to create an all-weather outdoor classroom or play space. They help to promote free flow provision, allowing children safe access to the outdoors. Our Lean to Pergola is made to sit flush against your existing building, providing shelter and a space for children to learn and play outside on even the rainiest days.

Seating

Seating is an essential part of any playground.

Whether you need seats for breaktimes, or for outdoor classes, we have a versatile range to suit your requirements.

Our Seating range can be used in a variety of ways for play and imagination, for social interaction or activity-based games and learning.

Sproston Eight Seat Picnic Table
1.85m x 1.85m (Various colours available)

Sproston Eight Seat Tuff Tray Table

Bespoke Planters
(Various sizes and shapes available)

Trim Trail & Climbers

Trim Trails are a convenient and space saving way of introducing active play into the playground.

Trim Trails are an affordable solution for incorporating climbing to improve upper body strength, balancing and overall physical development into breaktimes and P.E. classes.

Take a look at our dynamic range to start building your bespoke circuit, or choose from our example layouts.

Sand and Water Play

We offer an innovative range of Sand and Water Play equipment. For example, our Lockable Sandpits have design protected Rolling Lids, ensuring no heavy lifting or awkward manual handling is required.

Setting up and tidying away is a quick and easy process thanks to the Rolling Lid design.

Combine Sandpits and Cranes with Water Troughs and Water Walls to create an interactive and educational area.

Play Houses

Play Houses are a great way of introducing fun and imaginative play, especially when combined with Trackways and other Themed items.

From our traditional Timber Log Cabins to our various Hobbit Houses, we have Play Houses to suit a variety of different sized areas and activities, including bird watching or for simply reading a book.

We manufacture our Play Houses from the best commercial grade materials for supreme quality and longevity.

Hobbit House

1.8m x 1.8m

Hobbit Houses provide children with a quiet space in the playground. Whilst these peaceful dens are a haven for relaxation, they can also be used for interacting with one another and learning. With benches both interally and externally, there's plenty of room for children to navigate around.

SEND Equipment

We have developed our SEND equipment with a variety of users and customers, which has allowed us to create a varied range of Inclusive & SEND products to suit mixed abilities.

Our range includes specific products for wheelchair users, inclusive products as well as sensory and tactile items.

We have carefully designed this range with appropriate user safety features and staff welfare in mind.

Sensory Pergola Tunnel

5.4 Lm x 2.0m

The Sensory Pergola Tunnel is an inclusive, accessible structure featuring tactile sensory shapes, music panels, hanging chimes, colorful HDPE panels, artificial grass panels, a bubble window and vibrant polycarbonate windows. It can also include an optional planter with Insect Totem Hotels. With a 2.4-meter high roof, it accommodates all wheelchair types, creating an engaging, multi-sensory environment for everybody.

Sensory Tunnel

4.8m x 3m

The Sensory Tunnel creates a safe, fun and colourful environment. Our Sensory Tunnel is manufactured to allow two-way access; it also features a high roof, to make the space feel less restricted.

Designed to suit wheelchairs of all sizes

Timber and HDPE Plastic construction

Artificial grass coated exterior

Chalk and Mirror Play Panels

Engraved tactile panels, mirrors and colourful shaped roof windows

Talk Tubes for resonance sensory fun

Customer Feedback

F. Dreher - St Philip's CE Primary, Southport

"It is rare to receive the quality of service and products that we have received from yourselves and we wanted to take the time to thank you and we will certainly be recommending Maple Leaf Designs to other schools in our area. Your customer service is the best we have received!"

H. Hewitt - Offley Primary Academy, Sandbach

"Amazing professionalism from Maple Leaf Designs, thank you so much."

S. Evans - Cavendish Community Primary School, Manchester

"What can I say...the Cavendish playground is a buzz of activity with the new play equipment! Your employees were great - efficient and safe, plus the children loved seeing the climbing frames come to life. A huge thank you to you and the team. We will be in touch soon about the next phase in our improvement plan!"

C. King - Camberwell Park Specialist Support School, Manchester

"Have used Maple Leaf for one large playground development and a smaller scale development. I would recommend! From initial consultation, to the design, to the end installation, the expertise and professionalism was exemplary."

V. Kumari - West Park Primary School, Wolverhampton

"Excellent service as always, staff are so nice, friendly and professional!"

R. Ecclestone - Endon Hall Primary School, Stoke-on-Trent

"We are absolutely thrilled with the work!"

G. Norman - Foxton Primary School, Market Harborough

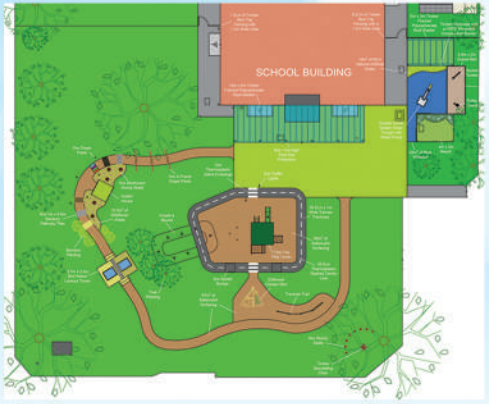

"Fantastic team - really impressed with the service and communication."
